Dental insurance

Taking care of your teeth is about more than just covering cavities and cleanings. It also means accounting for more expensive dental work, and your overall health.

With dental insurance, routine preventive care can lead to better overall health. And you'll be able to save money if any extensive dental work is required.

Who is it for?

Everyone should have access to great dental coverage, which is why we offer comprehensive plans that are available through employers as part of your benefit offerings.

What does it cover?

Dental insurance helps to protect your overall oral care. That includes services like preventive cleanings, x-rays, restorative services like fillings, and other more serious forms of oral surgery if you ever need them.

Why should I consider it?

Poor oral health isn't just aesthetic, it's also been linked to conditions including diabetes, heart disease, and strokes. So, while brushing and flossing every day can help keep your teeth clean, nothing should replace regular visits to the dentist.

Staying healthy

Joe visits his dentist for a routine dental cleaning, to take care of his teeth as well as his overall health.

Oral health is about more than just teeth and gums. It's also essential for a range of other health and wellbeing reasons:

Cardiovascular disease: Some research suggests that heart disease, clogged arteries, and strokes may be linked to inflammation and infections from oral bacteria.

Osteoporosis: Weak and brittle bones may be linked to tooth loss.

Diabetes: Research shows that people with gum disease find it more difficult to control their blood sugar levels.

Alzheimer's disease: Worsening oral health is seen as Alzheimer's disease progresses.

All information contained here is from the Mayo Clinic, Oral Health: A Window to Your Overall Health, www.mayoclinic.com. 2021.

You will receive these benefits if you meet the conditions listed in the policy.

Your dental coverage

PPO plan, you'll have access to one of the largest networks of dentists with two reimbursement levels that give you more control over savings. You will always save money with any dentist in Guardian's network and when they belong to a tier in the Tier 1 reimbursement level you will maximize your savings. Reimbursement for covered services received from a non-contracted dentist will be based on a percentile of the prevailing fee data for the dentist's zip code.

Guardian's Preferred Provider Organization consists of Dentists in the DentalGuard Preferred ("DGP") network. These tiers represent specific benefit levels as described in Your Schedule of Benefits. Network access varies by geographic location and zip code. Please visit www.Guardianlife.com to confirm your Dentist's tiered participation.

This is only a partial list of dental services. Your certificate of benefits will show exactly what is covered and excluded. **For PPO and or Indemnity members, Crowns, Inlays, Onlays and Labial Veneers are covered only when needed because of decay or injury or other pathology when the tooth cannot be restored with amalgam or composite filling material. When Orthodontia coverage is for "Child(ren)" only, the orthodontic appliance must be placed prior to the age limit set by your plan; If full-time status is required by your plan in order to remain insured after a certain age; then orthodontic maintenance may continue as long as full-time student status is maintained. If Orthodontia coverage is for "Adults and Child(ren)" this limitation does not apply. *General Anesthesia – restrictions apply. ‡For PPO and or Indemnity members, Fillings – restrictions may apply to composite fillings.

EXCLUSIONS AND LIMITATIONS

■ Important Information about Guardian’s DentalGuard Indemnity and DentalGuard Preferred Network PPO plans: This policy provides dental insurance only. Coverage is limited to those charges that are necessary to prevent, diagnose or treat dental disease, defect, or injury. Deductibles apply. The plan does not pay for: oral hygiene services (except as covered under preventive services), orthodontia (unless expressly provided for), cosmetic or experimental treatments (unless they are expressly provided for), any treatments to the extent benefits are payable by any other payor or for which

no charge is made, prosthetic devices unless certain conditions are met, and services ancillary to surgical treatment. The plan limits benefits for diagnostic consultations and for preventive, restorative, endodontic, periodontic, and prosthodontic services. The services, exclusions and limitations listed above do not constitute a contract and are a summary only. The Guardian plan documents are the final arbiter of coverage. Contract # DG7-P et al.

DentalGuard Insurance is underwritten and issued by The Guardian Life Insurance Company of America, New York, NY. Products are not available in all states. Policy limitations and exclusions apply. Optional riders and/or features may incur additional costs. Plan documents are the final arbiter of coverage. This policy provides DENTAL insurance only. Policy Form # GP-1-DG2000, et al, GP-1-DEN-16

Oral Health Rewards Program

Regular visits to the dentist can help prevent and detect the early signs of serious diseases.

That's why Guardian's Maximum Rollover Oral Health Rewards Program encourages and rewards members who visit the dentist, by rolling over part of your unused annual maximum into a Maximum Rollover Account (MRA). This can be used in future years if your plan's annual maximum is reached.

How maximum rollover works*

Depending on a plan's annual maximum, if claims made for a certain year don't reach a specified threshold, then the set maximum rollover amount can be rolled over.

Plan annual maximum**	Threshold	Maximum rollover amount	In-network only rollover amount	Maximum rollover account limit
\$2,000 Maximum claims reimbursement	\$800 Claims amount that determines rollover eligibility	\$400 Additional dollars added to a plan's annual maximum for future years	\$600 Additional dollars added if only in-network providers were used during the benefit year	\$1,500 The limit that cannot be exceeded within the maximum rollover account

Automatic rollover

Submit a claim (without exceeding the paid claims threshold of a benefit year), and Guardian will roll over a portion of your unused annual dental maximum.

* This example has been created for illustrative purposes only.

** If a plan has a different annual maximum for PPO benefits vs. non-PPO benefits, (\$1500 PPO/\$1000 non-PPO for example) the non-PPO maximum determines the Maximum Rollover plan. May not be available in all states.

Early Smiles

From the time that first tooth comes in, dental care can critically impact a child's overall health and well-being.

That's why Guardian is committed to helping our youngest members take care of their smiles. Your plan includes the Early Smiles benefit to help you save on dental care for your children while taking care of their health.

How does Early Smiles work?

- Preventive, Basic and Major services are covered at 100% for children ages 12 and under if the child sees an in-network dentist. If an out-of-network dentist is seen, the standard dental plan benefits will apply.
- If orthodontic coverage is included in your the plan, the orthodontic services will be covered at the standard orthodontic coinsurance amount.
- No deductible will apply — benefits can be used right away.
- No waiting periods apply if the child sees an in-network dentist.
- Frequency limitations and plan provisions apply.

Guardian has one of the largest dental networks so it's easy to find a network dentist near you! Simply visit guardianlife.com to find a network dentist.

Here are some tips to keep your children smiling

- Schedule routine check-ups. If it's been more than six months since your child has seen a dentist, schedule an appointment as soon as possible.
- Start brushing when you see your baby's first tooth coming. Use water, an infant toothbrush and a tiny bit of fluoride toothpaste (about the size of a grain of rice).
- Brush twice each day for two minutes. Children ages 2-6 should use a pea-sized amount of fluoride toothpaste. Always supervise kids younger than six years old while brushing, as they are more likely to swallow toothpaste.
- Snack healthy! Fruit juice, sports drinks, fruit snacks, and sticky candies all pose serious threats to your child's teeth. Give kids calcium-rich snacks like cheese or low-sugar yogurt. For candy options — a chocolate bar is preferable to gummy or sticky sweets that can get lodged in between the teeth, even after brushing.
